

## BREXIT - LET'S GET ON WITH IT!

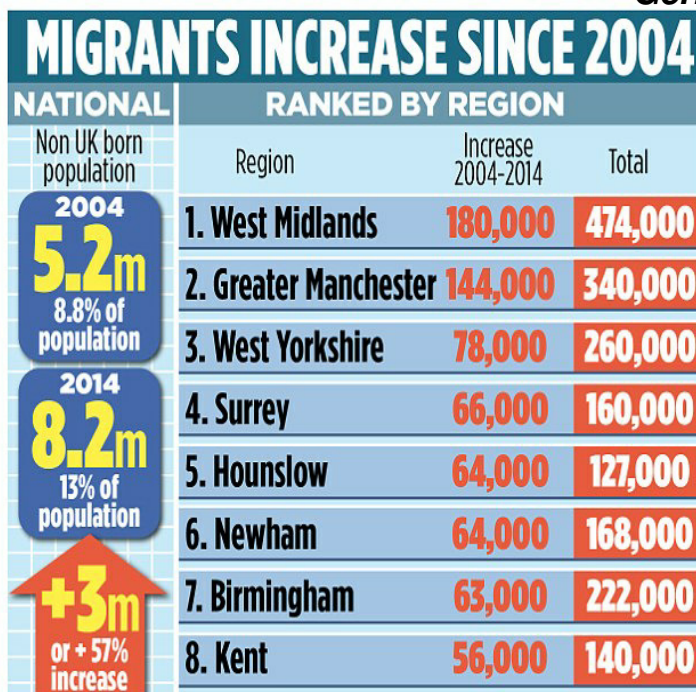

As the Tories are taking at the least three years - maybe longer to fulfil the will of the people after the 2016 LEAVE Referendum, the screeching liberocrats are getting more time to push for a Second Referendum. Every person (using the term loosely if you count in Eddie Izzard) , its time May just walked away from these endless trips she is making to Europe to get the 'best deal' from the Globalists, legally Britain could just shut down talks tomorrow and declare itself OUT of the failing European Union. The law is quite clear on it - Article 50 has been triggered, there is NO NEED FOR NEGOTIATIONS. As for their blackmail bill for 26 Billion BRITISH pounds - we can tell them where to stick THAT request!

Getting out now means.....

1. Freedom to make stronger trade deals with other nations.
2. Freedom to spend UK resources presently through EU membership in the UK to the advantage of our citizens.
3. Freedom to control our national borders.
4. Freedom to restore Britain's special legal system.
5. Freedom to deregulate the EU's costly mass of laws.
6. Freedom to make major savings for British consumers.
7. Freedom to improve the British economy and generate more jobs

*Merkel the puppet and her boss - George Soros - notice the cage full of Merkel's 'new Germans'!*

8. Freedom to regenerate Britain's fisheries.
9. Freedom to save the NHS from EU threats to undermine it by harmonising healthcare across the EU, and to reduce welfare payments to non-UK EU citizens.
10. Freedom to restore British customs and traditions.

## The patriots of Britain have spoken - GET OUT NOW!

## ***EDITORIAL THOUGHTS.....***

Well things have been humming along here at "WHITE VOICE HOUSE", the underground heavily shielded bunker busily preparing for the Fourth Reich. Joking aside (are you sure?), The big news is the launching of **RADIO WHITE VOICE** on its own YouTube Channel.

I have uploaded the "Beyond The 11<sup>th</sup> Hour" a one hour plus documentary about the life of John Tyndall and its causing a lot of interest.

The next video going on to the WV Channel will be "ISD: A Life Well Lived", banned by eBay and Amazon.

So check in to YouTube now and SUBSCRIBE as I am planning on plenty more prime contents well as talks by me (when I can afford a suit jacket), and interviews with the nefarious characters who spend their time making the lives of Gideon Falter, Nathaniel Hopstein and their distinguished Jewish supporters of the Campaign Against Anti-Semitism which is not only persecuting leading White Nationalists when the CCJ have said 'no case', Interesting.

The CAA is the leading group moving to have criticism of Israel made into a crime as an anti-Semitic attack under another name. If they - Falter, Hopstein and the creepy looking Stephen Silverman (their ENFORCER!), Have their way then for the first time in British history, criticism of the heinous crimes committed by the Bandit and Illegal State of Israel will be punishable in British Courts. Zionism will be beyond criticism!

No doubt their Madame Tussaud line up of Official Sponsors from The Rt Hon. The Baron Ahmad of Wimbledon (you couldn't make that up!) right through the waxworks until we finish with (forgive the pun) being in a right pickle - notably the Rt. Hon Eric Pickles.

We are told that ' has devoted himself to fighting antisemitism throughout his political career. He has been instrumental in securing the widespread adoption of the International Definition of Antisemitism. He is the United Kingdom's Special Envoy for post-Holocaust issues and has formerly served as the Secretary of State for Communities and Local Government. '

**The political evils of the CAA of trying to make a legitimate political stance - in this case, Anti-Zionism - illegal, is breathtaking in its ramifications and must be fought at all levels.**

**Will they let us? CAN THEY STOP US? NO!!!**

***Above: The bodies of dead Palestinian Children ready for burial -but don't criticise it, you'll be classed as an anti-Semite!!!***

## **TOWARDS A NEW BEGINNING (Part One)**

Neither White Voice nor the any other part of the WN Movement in Britain cannot offer a quick solution to the way forward now for the Movement as a whole in the UK. What we would like to do in this issue is make some statements on tactics, principles and strategy, which we believe if followed will help to ensure that we are on the right path to success.

There must be no weakening on the key issue of immigration and multi-racialism. The acceptance of a multi-racial state IN ANY FORM and for any reason has got to be a no go area. Repatriation and our insistence on a homogeneous Great Britain are paramount.

There must be no watering down of our presence on the streets, in the workplace, on the housing estates – wherever and whenever the embattled native population needs the help, support and leadership of White Nationalists. If we are not there, demonstrating, marching and counter-demonstrating, then the reds/AntiFa will be! We must refute the argument that if we do not march then the left will go away – they won't. They will hold meetings against us at every level. The Zionist/red street terror can only be met by our physical presence. Who protects our people at election times?

Wherever possible, meetings and demonstrations should be public. We will NOT attract and recruit the young men and women, the unemployed and the redundant by cosy Sunday afternoon picnics. The mass of middle Britain are fickle, they may give us their protest vote UNDER CERTAIN CIRCUMSTANCES as has happened over the last ten years, BUT until we have a strong and powerful Movement made up of those who are not only willing to join – but also to ACT – for they have little or nothing to lose, can we start to make serious inroads into middle Britain.

Demonstrations lead to violence? Marches lead to mass counter-demos by the left? Of course they do. They also lead to millions of pounds of free publicity and for every "NICE" person who wants to be part of a "NICE" party, they put off, they attract a score of new folk. Folk who DO NOT want a "NICE" party – they want an active, ever present Movement of people like themselves – unafraid to put their neck on the line and stand with our people on the multi-racial battlefields our towns and cities are becoming.

We must have an electoral policy but elections are not an end in themselves. Elections are just part of the construction of a much greater ORGANIC movement of the people. Elections will be a morale booster, but in the end will only reflect the popular mood of the people as they join and support and party that has a set determination to sweep aside the Old System and achieve power.

We must not be slaves to democracy – the rule of the mob! We must become a Movement based on leadership and not the most awful sort of "democratic committeeism"

We must not discard our symbols, slogans and all the apparatus of propaganda that give a White Nationalist movement the strong and emotive appeal to the masses. Most of us are proud to don the colours and follow the flags of our local football team. To chant its slogans and attend its rallies – public and outdoor – every Saturday. Why can't this mass emotion become part of White Nationalism's appeal? It has brought it victory in many countries in the past and is doing so again in many parts of Europe. Nobody respects appeasers.

Our basic principles are immutable – they cannot be changed! Sure we can push one or another as the situation demands BUT that is propaganda NOT principle. Our ideology should be engraved in stone – and confused with the nuances of daily propaganda.

We know the Populist Brigade currently riding the wave of publicity will cry out against these suggestions. They will make us UNRESPECTABLE! My God – how much newspaper column inches and TV and radio time has been devoted lately to calling ANY party which stands for its race and nation – at whatever level – the tag of "racist", "fascist" or "nazi"?

**WHITE VOICE says ignore these political swearwords. Be men and women who are not afraid to suffer the brickbats of ZOG and who are proud to stand tall and say, "Who stands for Britain's Whites? We do! WE and only us! - The White Nationalists of Britain!"**

## IN THE MEME TIME....

**This book was available on Amazon up to 2016 - now it, and ALL other 'Truth in History' books have disappeared. So here's the review from when they were still selling it!**

5th EDITION. New Appendices: Photos of hospitals, dentistry clinics, child nurseries, sport and prisoner theater at Auschwitz; the "Oskar Groening confession"; reparations swindles; Sobibor excavations, the "Suchomel confession" and the Alois Brunner "I would do it again" lie.

This work is without doubt the single most important revisionist overview of the legend of the "Six Million" Holocaust ever yet published.

Just some of the amazing revelations in this book include:

- How Zionists and Nazis cooperated before the war on writing Germany's racial laws—and in the setting up of Jewish settlements in Palestine;
- How Zionists offered to take up arms for Nazi Germany against Britain during World War II;
- How Nazi policy was first aimed at encouraging Jews to emigrate, and then after the war broke out, to evacuating them east of the Urals;

- How official German records shows that there were 4.5 million Jews under Nazi control, and of that number, 4.3 million lodged claims as "Holocaust victims" after the war;

- How the Soviet Union used torture to produce the lion's share of "confessions" extracted from Germans to support the "extermination" allegations;
- How the Jewish lead prosecutor in the "Einsatzgruppen" trials publicly admitted to having witnessed torture and personally used death threats to extract "confessions"
- Exactly what Adolf Eichmann Confessed to—and what he did not;
- The shocking lies and distortions contained in the two John Demjanjuk trials;
- How the Auschwitz Camp Museum has formally admitted that the "gas chamber" it has shown to millions of tourists is actually a fake;
- How original German architect plans of Auschwitz show no "gas chambers";
- How forensic chemical examination of Auschwitz has disproved the use of Zyklon-B in the so-called "ruined gas chambers";
- How official Israeli and Polish university archaeological digs at Belzec and Sobibór have failed to find any evidence of "gas chambers"; and of how a similar dig at Chelmno directly contradicted "eyewitness" testimony;
- How the "gas chambers" at Majdanek have glass windows, baths, and real showers for the alleged "victims";
- How the "carbon monoxide" gas bottles on display at Majdanek, still connected to a "gas chamber," are in fact engraved and marked as "carbon dioxide!";
- Details of the "Star of David gas chamber tile" hoax at the 2013 Treblinka archaeological dig;
- How a delousing chamber at Dachau has been misrepresented as a homicidal gas chamber;
- How German POWs were forced to alter a shower room at Sachsenhausen to support a Soviet show trial—but that the forgery was so crude and embarrassing that the Communists knocked down the building in 1952.
- The Bergen-Belsen camp is also reviewed, along with an explanation of the typhus epidemic which swept the camp in the last months of the war and created the horror images of emaciated dead bodies now associated with "the Holocaust."

This new version also deals with the "eyewitness survivor" memoirs and their outright lies and forgery, starting with a superbly illustrated expose of the faked memoirs of "Nazi hunter" Simon Wiesenthal and many others.

Finally, the last section discusses the all-important question of how and why the Holocaust storytellers have gone through so much trouble to make up the incredible story of the "Six Million."

If you only ever read one book about the Holocaust, this has to be it.
